E-mail: santhoshsugumar_84@yahoo.Com

Availability: Immediate

OBJECTIVE:

"Python Developer with 4.5+ Years in Django & PostgreSQL | 4.5+ Years in ETL Testing with SQL & Snowflake | Skilled in Web Development, API Integration, and Data Validation" proficient in data validation, transformation, and ensuring data quality in large-scale systems. Seeking a challenging role where I can leverage my diverse technical skill set in both software development and ETL testing to contribute to high-quality solutions while continuing to grow and advance my career, Ready to contribute immediately

PROFILE SUMMARY:

- ❖ Design and implement server-side logic using Python and Django to manage the of web applications and Implement models, views, templates, and middleware in the Django architecture.
- ❖ Having 4 years of experience in ETL testing, Manual Testing and database testing with skills of Oracle SQL, UNIX, SSIS and ETL concepts.
- ❖ Strong experience in Agile (SCRUM, Retro spectrum)
- ❖ Experience with JIRA software for test Planning.
- ❖ Develop and Design ETL test cases, scenarios, and scripts to ensure quality
- ❖ Have work experience in various ETL schema architecture like Star Schema, Snowflake Schema and Fact and Dimension Tables.

TECHNICAL SKILLS:

- ❖ **Languages:** Python, JavaScript (ES6), SQL, Bash
- ❖ **Backend:** Django, Flask, Fast API, REST APIs
- ❖ **Frontend:** HTML5, CSS3, Bootstrap, React (basic)
- ❖ **Database:** PostgreSQL, MySQL, MongoDB
- ❖ **Tools:** Git, Jenkins, Docker, Postman, JIRA
- ❖ **Cloud/DevOps:** AWS (EC2, S3), Azure DevOps, Linux, Shell Scripting
- ❖ **Tools & Methodologies:** Git, Agile/Scrum, Jira, Microservices Architecture

Educational History:

- ❖ B.E (Electrical & Electronics Engineering) Annamalai University with First Class At 74.5% on May 2007.
- ❖ HSC: Passed out in 2003 From R.C.T. Hr. Sec School, Chidambaram with 67.33% of marks.
- ❖ SSLC: Passed out in 2001 From R.C.T. Hr. Sec School, Chidambaram with 80.88% of marks.

Working Experience: 1

- Company: Bhilwara Info technology Ltd
- Client: HPE (Hewlett Packard Enterprise)
- Designation: Senior Software Engineer
- Durations: Sep 2022 - June 2025

PROJECT

- DOMAIN: Information technology (IT)
- CLIENT: HPE (Hewlett Packard Enterprise)
- TOOLS: Python with Django Framework

ROLES AND RESPONSIBILITIES:

- 🐍 **Python Automation:**
 - Developed Python scripts to extract data from **REST APIs** and FTP servers.
 - Used **pandas** and **datetime** modules for cleaning and transforming raw data into structured format.
 - Created reusable modules for error handling, logging, and data validation.
 - Built and maintained responsive web applications, contributing to both UI components with **React.js** and backend logic with **Python (Django)**
 - Developed and deployed a scalable, full-stack AI analytics application using **Python (Flask)** for the backend API and **React.js** for the dynamic, user-friendly frontend, resulting in a 30% improvement in data processing efficiency
 - Engineered robust **Node.js** microservices to handle specific application functions, improving modularity and deployment flexibility within the **Azure** cloud environment
- 📊 **SQL & Database Development:**
 - Designed normalized schemas in **PostgreSQL** hosted on **Amazon RDS**.
 - Wrote advanced SQL queries, views, and stored procedures for business logic and reporting.
 - Implemented indexing and performance tuning for large datasets (~10M+ rows).
- ☁ **AWS Cloud Integration:**
 - Gained hands-on experience working in **AWS** cloud environments, utilizing services like **EC2** and **S3** for application hosting and storage
 - Deployed data pipelines using **AWS Lambda**, triggered by events in **S3** and **CloudWatch** **schedules**.
 - Used **AWS S3** to store raw and processed files (CSV, JSON), and automated archival using lifecycle policies.
 - Managed infrastructure and secrets using **AWS Systems Manager Parameter Store** and **IAM** roles.
 - Reduced deployment time by **40%** by implementing CI/CD pipeline automation.
- 📈 **Monitoring & Logging:**
 - Implemented centralized logging with **CloudWatch Logs** for Lambda functions.
 - Set up alerts for pipeline failures and performance bottlenecks.

Working Experience: 2

- Designation: ETL testing, Manual Testing
- Durations: July 2020 – Aug 2022
- Company: Recordium Apps

PROJECT 1

- DOMAIN: INVESTMENT BANKING
- CLIENT: Riyadh Capital TECHNOLOGIES: Oracle 10g/11g, UNIX, SSIS
- TOOLS: SQL Developer, JIRA, SQL loader

ROLES AND RESPONSIBILITIES:

- ❖ Developed ETL test Scripts based on technical specifications/Data design documents and source to Target mappings.
- ❖ Carry out project testing according to test plan.
- ❖ Used JIRA for storing, maintaining the test repository, bug tracking and reporting
- ❖ Perform database validation using SQL according to the business rules and specifications

PROJECT 2

- DOMAIN: CAPITAL BANKING
- CLIENT: Swicorp Technologies: Oracle 10g/11g, UNIX, SSIS
- TOOLS: SQL Developer, JIRA, SQL loader

ROLES AND RESPONSIBILITIES:

- ❖ Created documentations for bug logging, prioritizing, tracking and reporting
- ❖ Demonstrate a strong understanding in software testing and processes.
- ❖ Work with development team to create test plan for enhancements and fixes on applications.
- ❖ Experience in Agile methodology, maintaining positive client and peer interactions.
- ❖ Produce test results/screenshots and upload to test director/quality center.
- ❖ Report the status of defects and execution activities including regular status updates to the project teams

Working Experience: 3

- Designation: Software Testing & CRM officer
- Durations: Feb 2018 – May 2020
- Company: RSoft Technologies Pvt Ltd

ROLES AND RESPONSIBILITIES:

- ❖ Responsible for working at Various type of Testing in Software of CRM

- ❖ From development stage testing to Final stage testing Together
- ❖ Client-side Demo and Training setup also doing final installations
- ❖ Client-side support of software and client side all queries resolved
- ❖ Online demo and training due to Online tools undertaken
- ❖ Responsibilities of software testing to make all minor or major error identities

Working Experience: 4

- Designation: Junior Software Developer
- Durations: Mar2016 - Dec2017
- Company: We Soft Solution Technology India Pvt Ltd
- Location: Olympia Tech Park, Altius Buildings Industrial Estate, Guindy

ROLES AND RESPONSIBILITIES:

- ❖ Responsible for working closely with other senior developers and departments to design and develop new web-based products and features.
- ❖ Developing software in a variety of languages including CSS, HTML, PHP and HTML editing software Profound creative and analytical problem- solving and troubleshooting skills
- ❖ Create medical Web applications used in healthcare institutions to chart, reviewed and analyzed patient clinical data. Freelance Website Developer
- ❖ Experience of working through all stages of a development project. Ability to manage own projects and portfolio. Having a logical approach to problem solving.
- ❖ Comprehensive knowledge of HTML, XHTML, CSS, JavaScript, HTML5 and CSS3. Creating websites that are user-friendly, effective and appealing. Producing, modifying and maintaining websites and web applications. Creating quality web pages. Explaining the costs and benefits of a proposed website to customers and end us
- ❖

Working Experience: 5

- Designation: Customer Technical Support
- Durations: Aug 2014 - Dec 2015
- Company: Soft logic System Pvt Ltd (US Client)

ROLES AND RESPONSIBILITIES:

- ❖ Handling to calls to solve US Customers Quires and Process Information Details
- ❖ To Provide US Customer Service Focus Customer Satisfaction

Working Experience: 6

- Designation: Customer Technical Support
- Durations: June 2012 - July 2013
- Company: Mphasis Pvt Ltd (US Client)

Responsibilities:

- ❖ Handling to calls to solve US Customers Quires and Process Information Details
- ❖ To Provide US Customer Service Focus Customer Satisfaction

Working Experience: 7

- Designation: Junior QC Hardware Testing Engineer in Electronics Automation
- Durations: April 2008–Feb 2013
- Company: Promosys Technology (M) Sdn.Bhd
- Location: Kuala Lumpur, Selangor, Malaysia

ROLES AND RESPONSIBILITIES:

- ❖ Experience in R & D in Electronics & Automation designing Remote Terminal Units (GSM Based Controllers).
- ❖ Experience in communication protocols such as SPI, I2C, RTC, RS-232, RS-485 etc.
- ❖ Experience in Hardware Design in 32-bit Microprocessor Programming using IAR Embedded workbench 5.20.2 ARM-Cortex M3 Processor

Personal Details:

Father's Name : SUGUMAR.K
Date of Birth : 20-07-1984
Marital Status : Married
Nationality : Indian
Language : English & Tamil
